1. Rationale

Mulberry UTC seeks to be inclusive and for this reason, a uniform policy has been instituted by the governing body of the school. The policy reflects the diversity of our society and the local community which the UTC serves. The uniform which the school expects all students to wear who come to the school is sensitive to the cultural and religious beliefs and the socio-economic circumstances of our students and their families. It allows for flexibility so that there is equity within diversity.

2. Key Principles

The key principles that underpin the policy are set out below. These are common across the Mulberry Schools Trust. They reflect the fact that Mulberry UTC is a mixed school and a secular school which provides for the needs of young men and women from diverse cultural, social, religious and non-religious backgrounds. The uniform code is set out within this context.

3. Statutory duties

The school has been mindful of its statutory duties to:

- Promote community cohesion
- Promote understanding between groups in society
- To promote equality
- Fulfil its duties to ensure that young people's rights are promoted with regard to:
 - a) physical and mental health and emotional well-being
 - b) protection from harm and neglect
 - c) education, training and recreation
 - d) the contribution made by them to society
 - e) social and economic well-being

The school's statutory Equality Policy states how the school seeks to fulfil these duties.

4. Promoting the aims of the school

The uniform policy is intended to promote the aims of the school by:

- fostering confidence, creativity, leadership and learning
- producing confident young people able to achieve and make a positive contribution to society and to the economy
- preparing young women for life in a multi-cultural society

The uniform policy contributes to these aims by promoting:

- cohesion among students
- pride in the school
- respect for different traditions where these do not conflict with the school's statutory duties and aims
- a smart, business-like standard of appearance
- To support families by ensuring that the uniform is affordable and can be obtained from more than one supplier
- To support the needs of young people in their education, ensuring that it is practical and sensible, suitable for moving easily around the school site and suitable for a variety of learning environments including practical activities and formal events
- To uphold modesty, formality and self-respect – students' dress must be business-like, modest, suitable for a working environment and smart
- To uphold the school's ethos of equity within diversity – students must not parade themselves appropriately or ostentatiously, for example through jewellery or designer clothes
- To ensure that there is sensitivity towards religious observance wherever possible
- To ensure that health and safety is promoted for every pupil in the school
- In the Sixth Form, a dress code rather than a uniform is in place. students may make personal choices about their dress, as long as they adhere to this dress code and as long as the principles of modesty, practicality, equity and health and safety are adhered to
- The niqab and the burkha are not part of school uniform and are not to be worn by any students including those in the Sixth Form. Students may choose to wear them in their daily journey to or from school as it is accepted they may wish to exercise this personal choice when not engaged in school activities, but must take them off before entering school premises.

Key Stage 4 Uniform Policy (Years 10 and 11)

All students in Years 10 and 11 must wear full school uniform. This consists of:

Sixth Form Uniform Policy (Years 12 and 13)

All students in the Sixth Form at Mulberry UTC must wear smart business dress. This dress code sets the tone for the rest of the school in terms of appearance: Year 12 and 13 students' dress should be smart, business-like and appropriate to their position as role models for younger students.

Sixth Form students are given a degree of choice about their clothing but must adhere to this dress code and to the principles of modesty, practicality, equity and health and safety. If a member of UTC staff deems an item of clothing unsuitable or inappropriate, they will ask the student to remove and/or adjust it. If any difference of opinion arises in relation to Sixth Form dress code, this will be referred to the Principal or a member of the Senior Leadership Team, whose decision will be final.
